At Turn Box, we are Certified Insurance Agents (CIA), licensed and registered in the State of California to represent both small businesses and large businesses. Some insurance companies will only represent the insurance needs of large businesses, but this is not the case with us. You can always expect a customized product that fits your individual insurance needs. 1. Knowledgeable There is no better insurance broker than an insurance agent that knows your individual insurance needs. At Turn Box, we never stop learning about business insurance and how to best serve our clients. You can tell this directly from the customer service we provide, as well as by what we don't offer. Insurance products and coverage are not static, meaning that there are constantly changes in insurance industry regulations. We have to keep up with this to best serve our clients. 2. Experience Our insurance agents have many years of experience in insurance and assisting insurance clients with the creation and maintenance of their insurance policies. Our insurance agents have helped create and maintain insurance policies for many of our clients. Our team also supports our clients on a daily basis to get the most out of their insurance policies. 3. Incentives How much of a discount can you receive by working with an insurance agent who is focused on your business, rather than on the discount you could receive? A typical insurance policy discounts can be as high as 15% up to 25% of your premium. We will negotiate with a company on your behalf to create a discount. 4. Greater Price Diligence Insurance companies charge a discount for people who have insurance with more than one insurance company. When an insurance broker is working on your behalf, he or she will be sure to be asking the insurance companies you have with, if you can receive the best price. 5. More Accessible How do insurance companies treat their own employees? Do they take it upon themselves to learn how they can better serve the insurance needs
