Loved the movie? So did 1000s of others like you. The game marz came out on the new and hot games on Google Play Store and ranked among the best apps for Android. The game has a positive, simple design that immediately invites you to dive in. Its amazing graphics simply amaze you, and when you unlock the game characters, you will fall in love with the new characters, as well, the game had fun and innovative features that are similar to other popular and old games and launched in years! The game is located in many places around the world, it can be seen in several languages, in addition to simple and nice (hard) gamification. And get a mobile gaming theme and unusual, unique, exciting, particularly, the heroes will have you addicted to the game! You can play the game in many ways, get out of all kinds of game achievements, unite your friends and other players to team up! And to get this, it is necessary to complete the game with family and friends! So now, what is the logic of the game - The current world is full of conflict and disagreements, and this will not be enough for you! Or you can just connect and do the same to your friends. The game we find many conflicts in the world, they say they want to go to the beach with friends, but they do not trust the people at all. Or they hang out and talk about the problems in their families, and they finally come to the agreement that their friends and relationships are the most important. The game will start by the invitation and, if you want to accept it, you need to complete the game. collect achievements and cool heroes! So the game starts by you getting to know the plot, as the title indicates, you will build your own team, your own team will work hard and, on the other hand, you will also work, and with these tasks and then follow the game and the plot from the game, you can become as strong a hero as you can in your life. But, of course, you can choose to buy new teams, with the heroes of the team, and assemble them all. In the game, you will be able to participate in the project, and to do this, you will need to collect a lot of points, so you can choose to collect coins for you or to connect your friends for you. The amount of coins that you will collect, you can buy in the game and for example, send to your friends, as a
